

Hygienic Dental Keyboards & Mice

A Beautiful Smile is Infectious... And So Is Your Keyboard

DISINFECTABLE

WATER-RESISTANT

CHEMICAL-RESISTANT

Hygienic, Cleanable Keyboards and Mice Protect Team Members & Patients

Every tool in your practice is disinfected to give your patients the cleanest, safest experience possible. But what about your computer equipment? Is bacteria hiding, waiting for the next set of hands to jump a ride? Man & Machine's Cool keyboards & mice protect patients and dental professionals alike. Our premium dental keyboards & mice have a sealed and seamless construction that makes them impermeable to microbes. There are no cracks or crevices in which bacteria can hide and grow! Plus, they can be easily cleaned with your favorite surface disinfectants. Reliability is uncompromisable. Replacements are minimized. You get a germ-resistant ally that lasts and lasts.
